Printing

We print, fold, glue, bind and create for you all that offset and digital printing offers, whether it is a simple business card, flyer or catalogue, and perhaps you need to have non-standard documents in your company to make records of trade in goods, finance or other things? You are in the right place.

Designs

In our lab we can prepare individual graphic designs. Our team of graphic designers will advise and create what your imagination suggests. we prepare a visualization of a company logo, catalogue, folder, and even large banners.

Business cards

It is difficult to imagine our relationship in the modern business world without a business card. Although it has a small size, it contains a wealth of information and allows you to create the image of any company. For our clients, we offer a business card in a very good quality, single or double sided. Our graphic design studio will develop a design that allows your company to stand out from the crowd. We offer different types of refining business cards i.e. foils, varnishes, selective varnishes UV, etc.

Gift Cards

Loyalty or discount cards are the key elements of loyalty programs with which the company establishes long-term relationships with clients. Cards can be honors for a specific group of customers, e.g. VIP. A satisfied customer using the card makes regular purchases and recommends products/services to their friends or family.

We can prepare the gift cards on paper or plastic.

Posters

One of the most effective forms of advertising is a static poster. Placing it in the public space plays an important role of information and advertising. We offer our clients a variety of formats from A3 to B1. At the individual request of clients it is possible to print in larger formats.

Flyers

A popular tool for marketing and advertising are leaflets. Through various types of distribution channels they reach broad audiences and are an important source of acquiring customers. We offer a wide range of leaflets on a variety of formats and our own graphic design studio makes our leaflets arouse interest to the public. We print our issues from the A7 to A4 size.

Letterhead

Letterhead acts as a relay of basic contact data about your company, but is mainly used for correspondence with clients and for the company documentation. Using the company's stationery dramatically improves their image, and also has a positive effect on the perception of the company as vibrant and modern. This type of paper is offered in a basic weight of 90g, on request we can apply a higher weight.

The minimum issue in digital print technology is 50 pieces, and in offset printing technology the minimum is 250 pieces.

Folded Leaflets

An interesting form of advertising leaflets are also folded leaflets. They perform the same function as normal flyers but can contain much more information. The most popular options for typesetting are "U" and "Z".

Folders

The use of different kinds of folders can be used to consolidate the company's brand on the market.

The most commonly used are bid folders, as a form of protection for commercial documents and marketing materials. Depending on the purpose and needs, we offer a folder with increased volume and thickness of the back.

For increased durability and aesthetics, we can use a number of finishes in the form of surface coating with a dispersion varnish, we can use the foliation (mate or gloss) or lay selective UV varnish, which will expose selected graphic elements.

Notepads

Our offer includes very practical for daily office work company notepads, thanks to which you can pass advertising and promotional information. These products are mainly printed on offset paper with a weight of 80-100g, glued on the top edge of the cardboard back. All of our notepads contain the company contact information, logos, etc. in accordance with the individual needs of clients. The most frequently suggested formats are from A6 to A4.

Desk pad planners

Desk pad planners which are a combination of a calendar and notebooks on the desk play an important advertising role, because for 365 days they are exposed to the client. Especially appreciated in offices, they allow to organize work, and over it allow to keep current notes. The most popular desk pad planners are in the formats A2 and A3 paper 90g offset.

Commercial printing

Do you run your own business and often need job printing? They are also used in schools, accounting departments and numerous offices. If you have had trouble finding specialized documents necessary for your company, we have the solution.

We offer prints adapted to the requirements of administration, banking, construction, accounting offices, as well as patterns of invoices, bills, personnel documents and many others. We have everything you may need in one place.

- industrial prints
- carbonless copy forms
- invoices

Packages

Our company deals with printing on the packaging of cardboard. It is perfect as packaging for promotional items, greetings, food, gifts, etc. products test series. We produce packaging exclusively at clients' orders. We offer making models – the price and completion date depend on the number and the variant of the selected packaging.

Stickers

Stickers are an excellent form of advertising. Whether they are stickers for children or logos handed out at jamborees and fairs, they all serve their purpose by constant contact with the customer.

Stickers also are used in technical processes - as warning or describing stickers.

Our stickers, thanks to the use of OPOS cutting become unique in their appearance and therefore stand out among other stickers.

Catalogues

Industry catalogues are an important element in building the image of the company and they mostly include descriptions of products or services. Our company has on offer of printing of catalogues in various formats and, depending on the volume of pages catalogues can be sewn or glued.

Catalogues as stitched booklets are in sizes from DL to A4 in the volume of pages from 8 to 60, and catalogues with glued spine from 48 pages to 256.

Thick paper (matt or gloss) is used to print catalogues in weight from 130gsm to 300 gsm.

Calendars

The role of planning and organization of our daily life has become our second nature, so calendars play a major role. In our offer even a picky client will find a wide range of calendars in books forms, to be placed on a wall and desktop ones.

We propose calendars in a variety of formats tailored to the individual needs of our clients. Book calendars come in sizes up to A4 pocket, and wall ones up to B1 format.

Labels

One of the most important elements of advertising is product appearance. The consumer, deciding to purchase a particular product, is usually guided by emotions that are triggered by appropriately selected colours for the product. Our company has rich experience in both designing and printing a wide variety of labels for many manufacturing industries.

We offer self-adhesive labels on paper or foil, matt or glossy, digital and offset printed.

Envelopes

In the age of mass communication company printed envelopes are the first impression and the advertising message about the sender. On many advertising materials interesting and professional printing attracts attention and allows to stand out. We offer corporate envelopes in a variety of formats, rich colours, printed single and double-sided. Allow to stand out in the flood of mass mailings!

Dangler

Dangler is a literary term meaning a plotline that is metaphorically left to "dangle" or "hang". A dangler or dangling plot line, is a plot device in fiction where a plot line is forgotten, phased out and eventually dropped, thus a resolution is never achieved. Although dangling plot lines can occur in all forms of media, they typically appear in comic books, movies and book sequels.

Tent Cards (Tent Cards)

A tent card is a convenient, self-standing promotional unit created from printed and folded cardstock. As the name implies, tent cards are designed to be placed on table tops – as well as counters, desks, or any other horizontal surface. As such, they are almost always printed in full colour for maximum impact. The same artwork can be printed on both upright panels (so it can be seen from either side) or each panel can be printed with a different graphic.

Tags

A tag is a small piece of card or cloth which is attached to an object or person and has information about that object or person on it. You can refer to a phrase that is used to describe someone or something as a tag.

Wobbler

The official definition holds true. Our wobblers are card stock products that come with plastic strips that allow you to attach them to just about any surface. Once attached, they wobble.

They wobble in front of your consumers, on your shelves, on your counter, on your bar, on your door – in fact, they love to wobble just about anywhere.

These nifty plastic strips are specifically designed to snap into your standard 1.5 price rails. This makes wobblers work wonderfully as shelf talkers. They wobble about, catching the eye of passerby. They wobble to and fro, spreading their message from hither to yon.... you get the idea.

Clip File's

We, offer you the option of printing your own designs on to paper files. We also provide professional personalized file designs, based on your inputs and requirements. For your convenience, the minimum order for paper files. Our state-of-the-art machinery can apply slick gloss finishing or a classic matte lamination and help prevent your files from fading due to exposure to light and dust

Large Format

What would advertising be without a banner, roll-up or poster? Let yourself be seen through outdoor advertising in various sizes and forms. In size we are only limited by our imagination, and you?

Stickers

Stickers printed on various types of foil play an important role in the functioning of large companies. Their main advantage is a broad spectrum of bases on which they can be applied and any shape, size and colour. As a direct manufacturer we offer stickers both the matt and flash, and the orders are within a short time. We have our own qualified installers who perform sticking them on sites, cars, billboards, hanging banners, etc.

Standee & Canopy

The Standee & Canopy is a very functional and practical promotional and advertising carrier. Its main advantage is its lightweight aluminum construction. The internal cartridge with graphics allows you to quickly disassemble and assemble it anywhere. Everything is housed in the cover, which facilitates convenient transportation. In addition to advertising a roll-up can be used as a carrier of information and organization, thanks to which it is very often used for promotional purposes on training symposia, etc. We offer roll-ups available in the formats 80x200, 100x200 and 120 x 200 cm.

Mesh

Mesh banner is the best solution for outdoor advertising in windy areas or on large surfaces such as e.g. facades of buildings. The structure of the material allows the wind go through and there is no damage to the material or system.

Banners

For years advertising banner have been enjoying great popularity, and their main advantage is big versatility and ease of transport and assembly. More than that banners can be freely adapted to the individual needs of the client. In our offer you can find a wide range of visual advertising. We make banners single- and double-sided printed on high-quality materials characterized by full colour and

Promo Tables

Imagine a pop-up table so light in weight that it can be carried under your arm. Moreover, this table is branded with your company logos and product images and takes just minutes to set up on your promotion desk. Orchid Digitals now offers just such an exhibition table to enable our clients to instantly set up a promotion counter booth or kiosk at any point of sale location.

Carry your stuff. But our custom printed promotion table will market your brand and showcase your products in the best possible manner. Print your company logo, your service listings, or your product images on this exhibition table. And you can rest assured that this pop-up table will garner customer attention and draw in the crowds.

OWV foil

Foil with mesh structure allows the flow of daylight, is a great medium for advertising – for both long exposure and short marketing campaigns. Easy application on the display window or on the rear car window. It enables visibility from inside to outside but not in the other direction.

Canvas

Canvas is a kind of fabric on which you can print perfect photos in full colour, sepia and grayscale.

Canvas prints are a great form of presentation of photos e.g. on different occasions like weddings, family meetings and presenting various graphics.

We offer our clients a complete service from design to stretching on wooden looms.

Reflective tape

This is foil which has highly reflective microprisms in its structure. It is used as a material for the production of directional and informational signs.

PVC Boards

Boards are advertising carriers used outdoors and are resistant to weather conditions. We have boards of various weights, lined with monomeric foil or we print directly on it (UV printing), and for longer exposure we additionally laminate it. Boards can be used as signposts in the urban space, signboards, promoting services or products.

White Boards

An important advertising tool is also a free-standing advertising board, particularly useful as a medium for information and advertising locally, exposed in front of a store or company. The essence of the white board is to attract and inspire interest in your product or service, so the quality of the reproduced image is important. We offer our clients boards in different sizes made of anodized aluminum. There are also wooden boards, with a board for writing, for example changes to the menu, slogans, etc.

Gadgets

Gifts, gifts, gifts. Who does not like to get ... and it is even better to give them. If you want to thank customers, contractors, distinguish someone or to show liking, create your own individual gift and delight the recipient.

Pens

One of the promotional gifts given to customers is a pen. This relatively inexpensive gadget usually helps improve the opinion of the company, but in practice a long time of using it means promoting the company's services or products. We offer clients both plastic and metal pens. Depending on the material from which the pen is made we usually use etching techniques, or pad printing. The minimum number starts with 50 pieces.

Textiles

We have our own machines for printing and decorating clothes. Depending on the load of material and using different techniques we print on T-shirts, shirts, sweatshirts, hats, and other fabrics. We have a full range of clothing sizes and we also print on materials entrusted by the Client.

Lanyards

Sublimation printed lanyards are a great solution that allows you to stand out from the crowd because you are getting a high quality product at a very affordable price. Sublimation technique allows you to print virtually any graphic motif Full Colour. Thanks to this they are the best-selling model of the advertising lanyard.

Lanyards are made of polyester of a width of 10, 15, 20 or 25 mm, on which you can be applied any printing in the CMYK palette. Printing is undetectable under the finger and allows a very good and accurate reflection of the small details of tonal gradations, with photos included. It is a technique recommended for printing projects containing a large number of colours. A standard lanyard is a metal snap hook for keys, you can, however, attach practically any kind of accessories to it.

Magnets

Among the wide range of gadgets magnets are an increasingly popular way of advertising. Thanks to the magnetic surface they are widely used as an advertising medium and practical gift used both in companies and households. This kind of gadget can be made in any size and shape. In our offer you will also find magnetic notepads and calendars working greatly in promotional campaigns.

Diary

A diary is a record (originally in handwritten format) with discrete entries arranged by date reporting on what has happened over the course of a day or other period. A personal diary may include a person's experiences, thoughts, and/or feelings, excluding comments on current events outside the writer's direct experience. Someone who keeps a diary is known as a diarist. Diaries undertaken for institutional purposes play a role in many aspects of human civilization, including government records (e.g. Hansard), business ledgers, and military records. In British English, the word may also denote a preprinted journal format. A diary is a

Mugs

Mugs, thanks to its usefulness and widespread use, are an ideal medium for advertising. As a company gift or gadget it works on any occasion. Mugs with your photo, a dedication or a sentence can hit the desk of all the employees in the company, they can be a memorial after a successful meeting or impress with their originality. We produce small series and single copies, also on the material entrusted by the client.
